### LUNCH & EXHIBITION OPENS

	MONARCH	WARWICK	LONDON	OXFORD	YORK	NORFOLK	DORSET
	<p><b>When patients don't attend: a psychosocial approach and MDT response to dialysis burnout</b></p> <p><b>Chair: Amanda Bevin</b> <b>Chair: Meheret Moyo</b></p> <p>P.5 Prognostic Expectations in Patients with End Stage Kidney Disease <b>Hannah Beckwith</b></p> <p>Living life with Dialysis Burnout and its Effects: A Patient's Story <b>Nikki Fretwell</b></p> <p>What is dialysis burnout?: how to recognise it and respond practically <b>Emma Coyne</b></p> <p>Can't come or won't come? Working with staff to manage the impact of non-attendance on staff/patient relationships <b>Sarah Afuwape</b></p> <p>P.4 The association between patient activation and coping strategies in people with kidney disease during the COVID-19 pandemic <b>Naeema Patel</b></p>	<p><b>The management of multimorbid frail kidney patients: the newer treatments and holistic management</b></p> <p><b>Chair: Debasish Banerjee</b></p> <p>CASE 1: 75-year-old female with hypertension, hypercholesterolemia, poorly controlled blood sugars, obesity <b>Sagen Zac-Varghese</b></p> <p>P.1 De novo heart failure after kidney transplantation: epidemiology, risk factors and outcomes <b>Peter van Rhijn</b></p> <p>Case 2: 80-year-old male with heart failure and reduced ejection fraction, frail, diabetes, hypertension, chronic kidney disease 4 and hyperkalaemia. <b>Ruby Chumber, Juliet Mayes &amp; Lisa Anderson</b></p> <p><i>Panel discussion</i></p>	<p><b>Novel technology in Kidney Care</b></p> <p><b>Chair: Jackie Ferguson</b> <b>Chair: David Keane</b></p> <p>Managing kidney graft survival using a predictive tool - the iBox scoring system <b>Oliver Aubert</b></p> <p>Cutting the red tape - the implementation of Kidney Beam <b>Sharlene Greenwood &amp; Ellen Castle</b></p> <p>Patient self-testing their own kidney function at home: experience from the Self-Testing Own Kidneys (STOK) study and QLabUK <b>Jon Murray &amp; David Forsdike</b></p> <p>P.2 The IN-HOME study: the feasibility and acceptability of in-home creatinine monitoring for early diagnosis of Acute Kidney Injury during chemotherapy in cancer patients</p> <p>P.3 QuickCheck: A rapid point-of-care leukocyte counting method for use in peritoneal dialysis to aid in the diagnosis and management of peritonitis <b>Nishal Govindji-Bhatt</b></p>	<p><b>Senescence and Renal Fibrosis</b></p> <p><b>Chair: Tim Bowen</b></p> <p>Cellular senescence in kidney homeostasis and disease <b>David Ferenbach</b></p> <p>Senescence and immune activation in the kidney <b>Sian Henson</b></p> <p>Role of cellular senescence during embryonic development and cancer: therapeutic opportunities <b>Daniel Munoz-Espin</b></p> <p>P.8 Driving kidney repair through modulation of senescent cells and macrophages <b>Katie Mylonas</b></p> <p>P.9 Investigating the role of Arg1+ myeloid cells in driving fibrosis in models of chronic kidney disease <b>Rachel Bell</b></p>	<p><b>Encouraging clinical research in nephrology</b></p> <p><b>Chair: Fergus Caskey</b></p> <p>Introduction: why research matters <b>Helen Hurst</b></p> <p>How can we encourage allied health professionals to undertake clinical research? <b>Kathrine Parker</b></p> <p>Attitudes and barriers to clinical research across the multidisciplinary spectrum in nephrology: results of a UK survey <b>Hannah Beckwith</b></p> <p>What can funders do to encourage (new) clinical researchers? <b>Jeremy Hughes</b></p> <p>The patient perspective: why I'm involved in research <b>Pam Nye</b></p> <p><i>Panel discussion</i></p> <p>P.7 Experiences of Consultant level doctors and allied health professionals of engaging with research in UK renal units: a national survey <b>Kristin Veighey</b></p> <p>P.6 The National Unified Renal Translational Research Enterprise (NURTURE): Baseline and central laboratory data from the chronic kidney disease cohort <b>Maarten Taal</b></p>	<p><b>13.00 - 13.45</b></p> <p><b>NURTURE - what is it? and what's possible?</b></p> <p><b>Chair: Graham Lipkin</b> <b>Chair: Bruce Hendry</b></p> <p>Background of NURTURE <b>Elaine Davies</b></p> <p>Chronic Kidney Disease (CKD) Cohort <b>Maarten Taal</b></p> <p>Idiopathic Nephrotic Syndrome (INS) cohort <b>Moin Saleem</b></p> <p>Industry NURTURE partner - early insights into molecular classification of disease and drivers of fibrosis <b>Philipp Skroblin</b></p> <p>The patient perspective on biobanking</p> <p><b>13.55 - 14.40</b></p> <p><b>MINI SYMPOSIUM</b> <b>How we can involve patients as partners to define and improve care in haemodialysis centres</b></p>	<p><b>13.00 - 14.00</b></p> <p><b>Improvement or transformation - making change happen</b> <b>Chair: Jonathan Kwan</b> <b>Chair: Karen Jenkins</b></p> <p>Implementing MAGIC - The role of nurse leadership <b>Jane Chandler</b></p> <p>NW region - re-starting Transplant First after Covid <b>Rosie Donne</b></p> <p>DAYLiFE - Partnering with patients <b>Steve Hewitt</b></p> <p>Peer Buddy Scheme - Improving black donor rates <b>Dela Idowu</b></p> <p>P.10 The Yorkshire and Humber (Y&amp;H) Kidney Network's approach to Delivering the Renal Service Transformational Programme (RSTP) and the Renal Getting It Right First Time (GIRFT) Recommendations <b>Leeanne Lockley</b></p> <p><b>14.10 - 14.30</b></p> <p><b>MINI SYMPOSIUM</b> <b>ASTRAZENECA</b></p>

13.00  
-  
14.30

# TUESDAY 7TH JUNE

	MONARCH	WARWICK	LONDON	OXFORD	YORK	NORFOLK	DORSET
14.40 - 15.40	SPONSORED SESSION VIFOR	SPONSORED SESSION ASTRAZENECA					<b>Kidney Care UK - Prioritising psychosocial provision in the NHS: a manifesto for action</b>  Introduction <b>Fiona Loud</b>  What psychosocial support means to me <b>Nicki Fretwell</b>  What we are proposing and why <b>Emma Coyne, Amrit Sachar, Amanda Bevin, Margaret Eyre</b>  How you can help – a conversation <b>Joseph Chilcot</b>  Conclusions <b>Paul Bristow</b>
15.40 - 16.10	<b>PALACE</b> <b>BREAK &amp; EXHIBITION</b>						
16.10 - 17.10	<b>Best scientific abstracts</b>  <b>Chair: Maria Fragiadaki</b> <b>Chair: Jill Norman</b>  P.11 Cytokine immune regulation in Cytomegalovirus infected kidney transplant recipients <b>Farah Latif</b>  P.12 Diverse ancestry whole-genome sequencing association study identifies TBX5 and PTK7 as susceptibility genes for posterior urethral valves <b>Melanie Chan</b>	<b>Vitamin D The Known Unknowns</b>  <b>Chair: Rukshana Shroff</b> <b>Chair: Yvonne Bradburn</b>  The physiology of vitamin D <b>Martin Hewison</b>  The importance of vitamin D supplementation in CKD patients <b>Debasish Banerjee</b>	<b>Acute Kidney Injury in 2022: where next?</b>  <b>Chair: Andrew Lewington</b>  Recent and forthcoming trials in critical care nephrology and AKI <b>Nuttha Lumlertgal</b>  AKI Biomarkers 2.0 understanding risk and longer term outcomes <b>John Prowle</b>	<b>Challenges and new opportunities in Hypertension Management</b>  <b>Chair: Beccy Suckling</b> <b>Chair: Pauline Swift</b>  Genetics of Hypertension <b>Maciej Tomaszewski</b>  Effects of newer oncology drugs on Blood pressure <b>Ninian Lang</b>	<b>Depression, Serious Mental Illness and AKD</b>  <b>Chair: Amrit Sachar</b> <b>Chair: Emma Coyne</b>  What's Culture got to do with it: depression, dialysis and South Asian communities <b>Shivani Sharma</b>	<b>16.10 – 16.30</b>  <b>MINI SYMPOSIUM SPONSORED - BD</b>	

# TUESDAY 7TH JUNE

	MONARCH	WARWICK	LONDON	OXFORD	YORK	NORFOLK	DORSET
16.10 - 17.10 CNT'D	P.13 First steps in therapeutic gene transfer to the maturing bladder <b>Neil Roberts</b>	To D or not to D <b>Sharon Huish</b>	P.19 A description of the natural history of albuminuria following acute kidney injury <b>Kerry Horne</b>	Novel therapies in hypertension <b>Manish Saxena</b>	What do we know about antidepressants in CKD? <b>Joseph Chilcot</b>		
	P.14 Indian Hedgehog release from renal epithelia drives local and remote organ fibrosis <b>David Ferenbach</b>	P.21 Effect of calcitriol treatment on bone turnover markers in people with type 2 diabetes and stage 3 chronic kidney disease <b>Dimitra Stathi</b>	Hospital acquired AKI where next? <b>Abinet Aklilu</b>	P.18 UK national survey of current practice relating to management of hypertension in haemodialysis patients <b>Tim Doulton</b>	The Mind Body Accreditation Programme: A quality improvement approach to integrated mind-body kidney care <b>Natalia Stepan</b>		
	P.15 Prevention of renal fibrosis secondary to acute tubular or vascular injury by targeting thrombin <b>Hugh Leonard</b>			P.17 Can barbers support and educate men of Black, Asian and Minority Ethnic (BAME) heritage to manage their blood pressure? <b>Nicola Thomas</b>	P.20 Chronic Kidney Disease and Severe Mental Illness: A scoping review <b>Claire Carswell</b>		
	P.16 Real time analysis of the alternative complement pathway regulatory tri-molecular complex reveals dominant negative effects of atypical haemolytic uraemic syndrome associated rare genetic variants <b>David Kavanagh</b>						

	MONARCH
17.20 - 18.20	<b>OPENING PLENARY</b> Professor Lucy Chappell, Chief Scientific Adviser for the Department of Health and Social Care  <b>PRESIDENTS' WELCOME</b> Prof Paul Cockwell & Dr Sharlene Greenwood
18.20 - 19:30	<b>SOCIAL PROGRAMME</b> <b>WELCOME RECEPTION (PALACE)</b> <b>SPR CLUB RECEPTION</b>
19:45 - 22:00	<b>SPEAKER'S DINNER</b>

# WEDNESDAY 8TH JUNE

	MONARCH	WARWICK	LONDON	OXFORD	YORK	NORFOLK	DORSET
07:00	SOCIAL PROGRAMME: FUN RUN						
08.00 - 08.45			<b>Amyloidosis</b>  AL Amyloidosis and the kidneys Brendan Wisniowski  Monoclonal Gammopathy of Renal Significance; treatment and case studies Jenny Pinney  <i>Panel discussion</i>	<b>BREAKFAST SYMPOSIUM ALEXION</b>			
08:50 - 10:00	MONARCH						
	<b>PLENARY SESSION - Multidisciplinary collaborations in addressing health inequalities</b> Prof Sir Michael Marmot						
	Chair: Gurch Randhawa Chair: Sharlene Greenwood						
	Kidney Research UK's Health Inequalities Report: overview, key points, & recommendations Gavin Dreyer & Fergus Caskey						
	Overview of Kidney Research UK's outreach partnership work with communities "at risk": solutions focused Neerja Jain & Hilaria Asumu						
10.00 - 10.30	PALACE						
	BREAK & EXHIBITION						

# WEDNESDAY 8TH JUNE

	MONARCH	WARWICK	LONDON	OXFORD	YORK	NORFOLK	DORSET
10:30 - 12:00	<b>Addressing Health Inequalities</b>  <b>Chair: Gurch Randhawa</b> <b>Chair: Gavin Dreyer</b>  HIDDEN – CKD <b>Roseline Agyekum</b>  ‘Big Data’ approaches to exploring health inequalities in CKD <b>Tom Wilkinson</b>  Mind the gap - research with a sharper focus on health inequality <b>Shivani Sharma &amp; Neerja Jain</b>	<b>Celebrating 50 Years of the Renal Nutrition Group (RNG)</b>  Opening Speech Marking the 50th Anniversary of the RNG <b>Chair: Bruno Mafrici</b>  Celebration Lecture: Nutritional Management in CKD: The Dawn of a New Era <b>Denis Fouque</b>  Plant-based Diets in CKD <b>Juan Jesus Carrero</b>  MHRA Regulatory and Pharmacovigilance Perspectives on Herbal Medicines and Warnings for Use in Renal Patients <b>Melanie Pires &amp; Leigh Henderson</b>  Herbal-Drug and Nutrient-Drug Interactions <b>Liz Williamson &amp; Cathy Pogson</b>  P.24 Phosphate additives in food products from a UK supermarket – where are they hiding? <b>Giuseppe Scapellato</b>  P.25 The use of activity placemats to help educate children and young people with kidney disease about their diet in an engaging manner <b>Eleanor Tidswell</b>	<b>Home dialysis</b>  <b>Chair: Mark Lambie</b>  How to increase home dialysis: the Ontario experience <b>Peter Blake</b>  Avoiding bad outcomes, improving the good: transitions in home dialysis <b>Annie-Claire Nadeau-Fredette</b>  The clinical relevance of Aquaporins in PD <b>Simon Davies</b>  Diabetes in PD: New Guidelines <b>Jenny Williams</b>  P.26 Peritoneal dialysis is an acceptable dialysis modality after renal allograft loss <b>Shingai Pepereke</b>  P.27 Supporting individualised shared-decision making in incremental peritoneal dialysis <b>Rishana Shuaib</b>	<b>Insights into Kidney Disease Pathology from Single Cell RNA Sequencing and Spatial Transcriptomics</b>  <b>Chair: Amy Jayne McKnight</b>  High-resolution Slide-seqV2 spatial transcriptomics enables discovery of disease-specific cell neighborhoods and pathways in kidney disease <b>Jamie Marshall</b>  Integrating single cell RNAseq and spatial transcriptomics to understand kidney macrophages in lupus nephritis <b>Kelvin Tuong</b>  Using single nuclear RNAseq to understand proximal tubular responses to injury <b>Donald Fraser</b>  Myeloid Heterogeneity in Kidney Disease as Revealed through Single-Cell RNA Sequencing <b>Laura Denby</b>  P.28 Novel variants in HPSE2 expand the genotypic spectrum in urofacial syndrome, a congenital disease featuring a peripheral neuropathy of the urinary bladder <b>Glenda Beaman</b>  P.29 Enrichment of loss-of-function genetic variants in ALG8 and ALG9, accounting for Autosomal Dominant Polycystic Kidney Disease-Spectrum, revealed by large-scale whole genome sequencing <b>Miguel Barroso Gil</b>	<b>Journal Club Gold</b>  <b>Chair: Kieran McCafferty</b> <b>Chair: Ailish Nimmo</b>  Papers to make a difference: Vasculitis <b>Ruth Pepper</b>  Haemodialysis <b>Enric Vilar</b>  CKD <b>Smeeta Sinha</b>  IgA <b>Jon Barratt</b>  Transplantation <b>Refik Gokmen</b>  Paediatrics <b>Rukshana Shroff</b>  Peritoneal Dialysis <b>Richard Corbett</b>	<b>10.30 – 11.30</b>  <b>Genomic medicine in clinical practice</b>  <b>Chair: TBC</b>  Update on NHS Genomic Medicine Service <b>Dick Sandford</b>  Impact of genetic diagnosis  Genomic testing in clinical practice - a service model <b>Ania Koziel</b>  Hyperoxaluria -genomics in practice – major new drug developments <b>Shabbir Moochhala</b>  Genetic testing in Alport Syndrome <b>Rachel Lennon</b>  P.30 NURTURE-INS - A National Cohort Study to Facilitate Stratified Medicine in Idiopathic Nephrotic Syndrome <b>Liz Colby</b>	<b>10.30 – 11.30</b>  <b>Maintaining safety, protecting life and understanding patient experience to improve vascular access care</b>  <b>Chair: Alison Swain</b>  Life threatening vascular access bleeds – prevention and best practice management to maintain patient safety <b>Helen Spooner &amp; Suzanne Glover</b>  STOP guidance findings to inform practice <b>Lynsey Stronach</b>  Patients experiences of vascular access for HD: Current knowledge and new research <b>Katie Fielding</b>  P.31 Saving Veins Saves Lives: Can we improve the rates of vein preservation in patients with chronic kidney disease attending an emergency department of a district general hospital? <b>Matthew Wigley</b>
	<b>Panel discussion</b>					<b>11:40 - 12:00</b>  <b>MINI SYMPOSIUM VIFOR</b>	<b>11:40 - 12:00</b>  <b>MINI SYMPOSIUM ASTRAZENECA</b>

# WEDNESDAY 8TH JUNE

	MONARCH	WARWICK	LONDON	OXFORD	YORK	NORFOLK	DORSET
12:00 - 13:00	MODERATED POSTER SESSION						
13:00 - 14:00	PALACE LUNCH & EXHIBITION						
14:00 - 15:00	SPONSORED SYMPOSIUM ASTELLAS	SPONSORED SYMPOSIUM BAYER					
15.10 - 16.10	<p><b>The first intelligible guide to the stresses of being an early career researcher</b></p> <p><b>Chair: Abigail Lay</b></p> <p>Failure and What to do About it <b>Emily Troschianko</b></p> <p>Personal Reflections on a PhD from a Renal Nurse's Perspective <b>Emma Jones</b></p> <p>The Importance of Having a Mentor <b>Ellen Boeren</b></p> <p>Overview of Kidney Research UK Funding Schemes for Early Career Researchers <b>Elaine Davies</b></p> <p>Kick-Ass Sisters Did it the Hard Way! <b>Dr Laura Denby &amp; Dr Becky Foster</b></p>	<p><b>Challenges of Paediatric Renal and Urology</b></p> <p><b>Chair: Jo Clothier</b> <b>Chair: Joyce Popoola</b></p> <p><b>Patients: Clinical and Lived Experience</b> Medical Challenges <b>Nabil Melham</b></p> <p>Urological Challenges <b>Alun Williams</b></p> <p>Lived experience <b>Lucy Wray &amp; Daymon Johnson</b></p> <p>Challenges of transition to adulthood</p> <p><i>Panel discussion</i></p>	<p><b>Fluid balance challenges in dialysis</b></p> <p><b>Chair: Pauline Swift</b> <b>Chair: Ruth Kander</b></p> <p>Combining bioimpedance and clinical assessment for individualized fluid management in hemodialysis <b>Jenny Stenberg</b></p> <p>Supporting Fluid Intake Restriction and Quality of Life on Dialysis <b>Louise Hankinson</b></p> <p>Fluid balance: a patient's perspective</p> <p>P.32 Relationship between measured sleep quality and clinical parameters in dialysis patients <b>Usama Butt</b></p>	<p><b>KFRE Implementation and the Renal Clinical Chemistry Interface with a focus on AKI</b></p> <p><b>Chair: Andrew Frankel</b></p> <p>P.33 The impact of KFRE and the 2021 CKD-EPI eGFR equation on potential referrals from primary care to renal clinics <b>Michael Sullivan</b></p> <p>National audit of AKI detection and reporting by laboratories <b>Anna Barton</b></p> <p><b>Rachel Marrington</b></p> <p><b>Rupert Major</b></p>	<p><b>New ways to address the workforce gap in kidney care: inclusion, diversity, pathways and transformation</b></p> <p><b>Chair: Bethan Pettifer</b> <b>Chair: Helen Spooner</b></p> <p><b>Anton Emmanuel</b></p> <p>Patient perspective <b>Joanne Popham</b></p> <p>MDT perspective with reference to the 2020 BRS Workforce Planning <b>Lisa Ancliffe</b></p> <p>P.34 Assessing and optimising renal nursing staff well-being on the haemodialysis unit <b>Laura Skinner</b></p>	<p><b>Experience of kidney care - defining, understanding and improving person centred kidney care</b></p> <p><b>Chair: Fiona Loud</b> <b>Chair: Rachel Gair</b></p> <p>Validation of Kidney PREM <b>Claire Corps &amp; Janine Hawkins</b></p> <p>Cultural validity of Kidney PREM <b>Shivani Sharma</b></p> <p>P.36 Analysis of negative comments from patients reporting poorer experience of care in Kidney PREM 2020 <b>Lucy Mackintosh</b></p> <p>P.35 Using ePROs to promote quality of care and safety in the management of patients with End Stage Kidney Disease: Review of ePRO Systems used in Nephrology settings – a mixed methods study <b>Nicola Anderson</b></p> <p><b>THIS SESSION ENDS AT 16:20</b></p>	<p><b>16:05 - 16:25</b></p> <p><b>MINI SYMPOSIUM</b> <b>ASTELLAS</b></p>

# WEDNESDAY 8TH JUNE

16:10  
-  
16:50

## PALACE

## BREAK & EXHIBITION

16:50  
-  
18:20

### MONARCH

### WARWICK

**Dialysis trials in the UK:  
a UK Renal Trails Network update**

**Chair: Paddy Mark  
Chair: Rona Smith**

How to design a dialysis platform trial - an example to BeatCalci **Meg Jardine**

Bioimpedance to Maintain Renal Output: main results of BISTRO **Simon Davies**

What should the default dialysis sodium concentration be for a haemodialysis centre? A trial to RESOLVE this issue **David Wheeler**

Tales from two recruiting dialysis trials? H4RT & Prepare for Kidney Care updates. **Fergus Caskey**

The role of HIF stabilisers in management of renal anaemia- Insights from the ASCEND clinical trials program **Ajay Singh**

P.37 Establishing an in-centre nocturnal haemodialysis programme as part of the NightLife Trial **Jonathan Briggs**

P.38 Survey of current UK practice post PIVOTAL publication and NICE approval **Sebastian Spencer**

### LONDON

**Paediatric renal transplant**

**Chair: Jan Dudley**

Outcomes for children and young people after kidney transplantation **Stephen Marks**

Bladder augmentation – before or after transplantation? **Imran Mushtaq**

What is the best transition model for adolescents after kidney transplantation? **Grainne Walsth**

P.39 A comparison of the outcomes of paediatric renal transplant recipients and their level of social deprivation **Nicole Blakemore**

P.40 Application of HLA molecular mismatch algorithms to predict primary alloimmunity risk in paediatric kidney transplantation. **Jon Jin Kim**

### OXFORD

**Green Nephrology**

**Chair: Suren Kanagasundaram  
Chair: Shazia Adalat  
Chair: Gill Manning**

P.43 Reducing the carbon footprint of the NightLife study **Niamh Quann**

Kidney care on an over-heating planet **Mark Harber**

Identifying carbon hotspots on your renal unit **Frances Mortimer**

SusQI in practice **Rona Hutton**

*Panel discussion*

### YORK

**The Extracellular Matrix, Inflammation and Fibrosis in Kidney Disease**

**Chair: Richard Naylor  
Chair: Becky Foster**

Can we modify the matrix to promote renal recovery following injury? **Soma Meran**

Immune cells and the matrix in kidney injury and repair **Bryan Conway**

Glomerular endothelial glycocalyx ‘not all sweetness and light’ **Matthew Butler**

P.41 Coagulation protease-mediated signalling plays a cell-specific role in renal inflammation and fibrogenesis **Hugh Leonard**

P.42 Mineralocorticoid receptor antagonism in diabetes preserves the glomerular endothelial glycocalyx to reduce albuminuria **Michael Crompton**

### NORFOLK

**Real life: measuring and reporting the impact of patient involvement in research and quality improvement**

**Chair: Holly Loughton  
Chair: Andy Henwood**

Influencing regional services through quality improvement **Stephen Lim & Rob Finnegan**

Enhancing patient involvement in your research proposal. **Miranda Scanlon, Mae Smith & Kolawole Ponnle**

Measuring patient involvement, identifying touch points to capture patient feedback and experiences **Andy Henwood**

What happens when you have a robust PPI strategy and limited patient feedback, lessons learnt from the BISTRO Study **David Coyle**

Using GRIPP2 guidelines to report PPI in publications - tips for effective evaluation and write up **Julia Jones**

*Panel discussion* - **Holly Loughton, Mae Smith, Andy Henwood**

### DORSET

**16:50 - 17:35**

#### MINI SYMPOSIUM

**Prescribing for populations: how do we get SGLT2i to everyone that needs them?**

**Chair: Kieran McCafferty  
Chair: Linda Tarm**

The London Kidney Network & The CKD Prevention Workstream 2022 **Neel Basudev & Catriona Shaw**

**17:45 - 18:30**

#### MINI SYMPOSIUM

Measuring blood pressure - the most important health intervention

# WEDNESDAY 8TH JUNE

---

## MONARCH

### SOCIAL PROGRAMME

19:30  
-  
00:30

19:30 - 20:00 PRE DINNER DRINKS

20:00 - 21:45 **3 COURSE CONFERENCE DINNER**

21:45 - 00:30 LIVE MUSIC - NANNA RADLEYS BAND & DISCO

INCLUDED IN THE  
VIRTUAL PROGRAMME

INCLUDED IN THE  
STANDARD PROGRAMME
