

UK Kidney Week 2024

11 – 13 June 2024
Edinburgh, Scotland

CONFERENCE PROGRAMME

Welcome

Registration opening times:

Tuesday 11 June	10.00 - 18.30
Wednesday 12 June	07.30 - 17.30
Thursday 13 June	07.30 - 11.00

Exhibition opening times

Tuesday 11 June	11.30 - 19.30
Wednesday 12 June	08.00 - 17.30
Thursday 13 June	08.00 - 13.00

Creche opening times

Tuesday 11 June	12.00 - 18.30
Wednesday 12 June	08.00 - 18.30
Thursday 13 June	08.00 - 14.30

Free WiFi

LEVEL 3

LEVEL -1

LEVEL -2

POSTERS

STRATHBLANE HALL (LEVEL 0)

- 001 - 012: CKD clinical 1
- 013 - 024: Haemodialysis QI
- 025 - 036: Genetics & rare diseases 2
- 037 - 047: Home therapies research & QI 1
- 048 - 058: Home therapies service delivery
- 059 - 070: Genetics & rare diseases 1
- 071 - 080: Patient education
- 081 - 090: Epidemiology, public health & infection control 2
- 091 - 101: Haemodialysis research
- 102 - 112: Home therapies research & QI 2

ATRIUM (LEVEL 0)

- 113 - 120: Behavioural, psychological & quality of life
- 121 - 128: Pharmacology, medicines management & MBD 1
- 129 - 136: Renal nutrition 2
- 137 - 144: Basic science
- 145 - 154: Case reports 1
- 155 - 164: Transplantation QI 1
- 165 - 175: Case reports 2
- 176 - 185: Transplantation QI 2
- 186 - 197: AKI 2
- 198 - 204: Pharmacology, medicines management & MBD 2
- 205 - 217: Supportive care, rehabilitation & lifestyle

"PLATFORM 5" CAFE (LEVEL 1)

- 218 - 231: CKD clinical 2
- 232 - 245: Glomerulonephritis 1
- 246 - 256: Paediatrics, transitional & young adult care
- 257 - 265: Renal nutrition 1
- 266 - 276: Vascular access & HD service delivery
- 277 - 285: Basic science 1
- 286 - 299: Patient outcome, experience & involvement 1
- 300 - 309: CKD pathology, science & diagnostics
- 310 - 319: Staff education & sustainability

OCHIL (LEVEL 1)

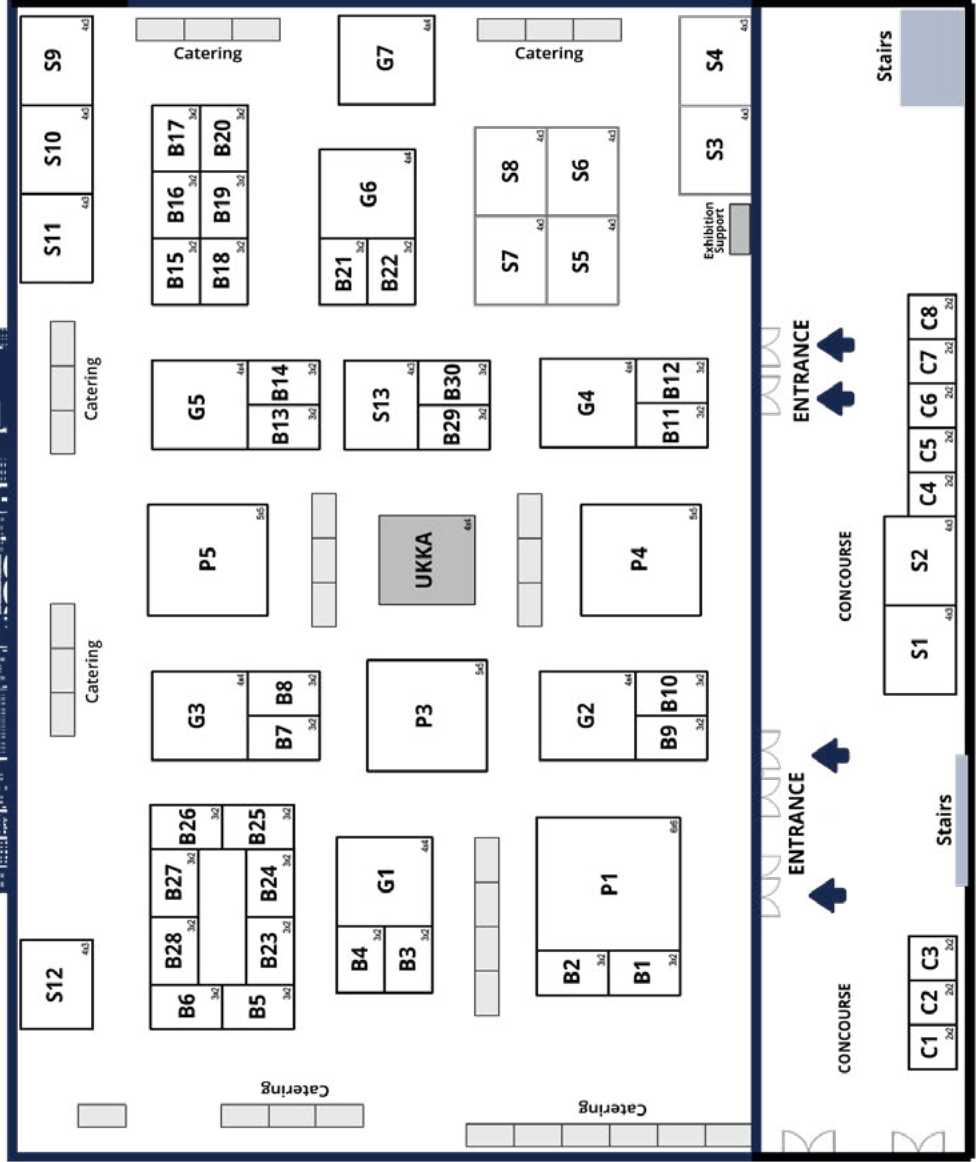

- 320 - 333: Patient outcome, experience & involvement 2
- 334 - 346: Transplantation research
- 347 - 360: CKD clinical 3
- 361 - 372: Cardiovascular disease & diabetes

HARRIS (LEVEL 1)

- 373 - 385: Glomerulonephritis 2
- 386 - 397: Glomerulonephritis 3
- 398 - 408: AKI 1
- 409 - 420: Case reports 3
- 421 - 432: Epidemiology, public health & infection control 1

OUR EXHIBITORS

B1	Stanningley Pharma	C2	Aquilant
B2	Stanningley Pharma	C3	Manfred Sauer UK
B3	Taylor & Francis	C4	ISPD
B4	Chiesi	C5	Capitainer AB
B5	National Kidney Federation	C6	Renal Social Work Group
B6	Patient Choice	C7	Scottish Water
B7	British Journal of Cardiology	C8	Scottish Water
B8	U-Drain	G1	DaVita
B9	Vertex	G2	Kidney Research UK
B10	Solventum	G3	B Braun Medical
B11	Kidney Care UK	G4	Kimal
B12	Kidney Care UK	G5	InBody
B13	Hansa Biopharma	G6	Randox Laboratories
B14	Becton Dickinson	G7	STADA UK (Thornton & Ross)
B15	Independence Products	P1	AstraZeneca
B16	Nipro Medical UK	P3	Baxter Healthcare Ltd
B17	Nipro Medical UK	P4	Boehringer Ingelheim
B18	Alnylam	P5	CSL Vffor
B19	Syner-Med	S1	Journal of Kidney Care
B20	QuideiOrtho	S2	Renal Interventions
B21	Javelo Health	S3	Recordati Rare Diseases UK
B22	Maltron	S4	Fresenius Medical Care
B23	PKD Charity	S5	Takeda
B24	My Renal Care	S6	MEDICE UK
B25	Cognitant Group	S7	Otsuka Pharmaceuticals UK
B26	LINC Medical Systems	S8	Bayer PLC
B27	Amicus	S9	Valliant
B28	Novo Nordisk	S10	Novartis
B29	Nova Biomedical	S11	Nikkiso
B30	Data4NHS	S12	Samsung Bioepis
C1	Aquilant	S13	Xtra-Med

11.30 - 12.15

Location: Lennox Suite

Lunch and exhibition

12.15 - 13.30

Location: Pentland Auditorium

Opening Plenary

Presidents' Welcome

Paul Cockwell

Clare Morlidge

Katie Vinen

Keynote Speaker

Chronic kidney disease in a world of multimorbidity

Bruce Guthrie, Professor of General Practice, Usher Institute

O'Donoghue Lecture, presented by Marie O'Donoghue

It takes a village

Sharlene Greenwood, Consultant Physiotherapist, Kings College Hospital

Keynote Speaker

Welcome from Scotland's Deputy Chief Medical Officer, Graham Ellis

14.00 - 15.30

Location: Tinto (Lomond Suite)

Sunshine on Scottish Nephrology 2024

Chairs: Fiona Chapman & Patrick Mark

Is IgA nephropathy a disease of socioeconomic deprivation?

Emily McQuarrie

Remote and renal at 60 degrees north: the challenges of kidney care at a distance

Shona Methven

Discovering kidney science and mentoring the next generation: crucial foundations upon which to build

Laura Denby

Cardiovascular risk stratification in kidney transplantation: all or nothing?

Eve Miller-Hodges

Abstracts:

219: Non-invasive diagnosis of renal allograft acute cellular rejection through active Granzyme B in urine using a novel probe: a potential point of care test
Stephen Knight

515: Impact of kidney function trajectory and acute kidney injury on cardiovascular risk: a novel data-linkage study
Peter Gallacher

14.00 - 15.00

Location: Kilsyth (Lomond Suite)

Weighing in on kidney health in Scotland

Chairs: Jeremy Hughes & Gillian Walker

Weight management services in NHS Scotland

Laurie Eyles & Audrey McGregor

Obesity in patients with kidney disease - old problem, new solutions

Bryan Conway

Abstracts:

343: To assess the effectiveness of a 12-month remote weight management clinic for patients with chronic kidney disease and diabetes aiming for transplant
Eimear Hamilton

14.00 - 15.30

Location: Pentland Auditorium

Best clinical abstracts

Chairs: Lisa Ancliffe & Katie Vinen

Abstracts:

- 271:** Assessing baseline cardiovascular disease for kids initiating kidney replacement therapy: the ABCD4Kids study
Priyanka Khandelwal & Rukshana Shroff
- 464:** Hematuria resolution with the APRIL-Blocking monoclonal antibody, Sibeprenlimab, in patients with IgA Nephropathy in a Phase 2 randomized controlled trial
Chee Kay Cheung
- 444:** The clinical value and cost effectiveness of a 6-month digital health intervention to improve physical activity and health-related quality of life in CKD (Kidney BEAM)
Juliet Briggs
- 482:** Sickle cell trait and APOL1 high risk genotype increase the risk of ESKD similar to that of having diabetes in British Africans
Mark Gilchrist
- 357:** Ethnic differences in long-term kidney failure after COVID-19 infection: an observational matched cohort study of adults in England using the OpenSAFELY platform
Viyaasan Mahalingasivam
- 260:** Using a digital health intervention ('My Kidneys & Me') to improve dietary choices in people living with non-dialysis CKD
Courtney Lightfoot
- 404:** Assessing kidney function in pregnancy: gestation specific centile reference ranges for serum creatinine, urea, cystatin c and beta-2-microglobulin
Katherine Clark
- 570:** Does chronic kidney disease affect the female hormonal profile? A multi-centre UK observational cohort study
Mahua Bhaduri

14.00 - 15.30

Location: Moorfoot (Lomond Suite)

Transforming patient pathways and reducing health inequalities through early detection, diagnosis and better treatment

Chairs: Gavin Dreyer & Sarah Harwood

The need to transform patient pathways in CKD
Sandra Currie & Tracey Murray

Responding to the needs of our underserved communities
Anna Race, Smeeta Sinha & James Tollitt

Stakeholder perspectives – opportunities and challenges for the future
Sandra Currie, Anna Race & James Tollitt

Abstracts:

- 96:** Global health inequalities of chronic kidney disease: A systematic review and meta-analysis examining prevalence and disparities in age, sex and socio-economic status
Omodolapo Awofala
- 215:** Tackling kidney inequalities: The development of the London Kidney Network (LKN) Health Inequalities in Kidney Care online learning module.
Sarah Milne

14.00 - 15.30

Location: Fintry

Progressing the cardio-renal-metabolic agenda across healthcare settings – now is the time

Chair: Indranil Dasgupta & Rosa Montero

The philosophical view – why we must move away from silo working
Peter Winocour

Diabetic kidney disease in the real world – new insights from the National Diabetes Audit
Ritwika Mallik, Gabrielle Goldet & Rebecca Flanagan

Learning from best practice - opportunities to reduce cardio-renal-metabolic risk in long term condition reviews in primary care – a case-based discussion
Samuel Seidu & Hannah Beba

Abstracts:

- 365:** The association between cardiac structure and function and mortality in patients with end-stage kidney disease on dialysis
Sherna F Adenwalla
- 125:** Is kidney disease predictive of the probability of receipt of invasive coronary angiography or revascularisation after acute coronary syndrome? A systematic review and meta-analysis.
Jemima Scott

14.00 - 15.30

Location: Menteith

Kidney networks: adding value by working together – showcasing CKD prevention

Chairs: Karen Jenkins & Kristin Veighey

Kidney network activity: a closer look

*Vicky Ashworth
Alex Wood*

*Gillian Dinsey
Stephen Cass*

*Michaela Dicks
Marie Atkins*

Working together to improve CKD outcomes across England
Linda Tarm

The devil is in the data: lessons learnt from CKD
Kieran McCafferty & Catherine Byrne

KFRE: Implementation & implications
Sarah McCloskey & Beng So

Abstracts:

- 299:** An external evaluation of an Integrated Care System virtual chronic kidney disease service
Rupert Major & Reena Patel
- 240:** A 'nudge' to improving uACR screening in Northland, New Zealand
Walaa Saweirs

14.00 - 15.30

Location: Sidlaw

Cardiovascular disease in CKD: novel mechanisms, new targets and improved risk prediction

Science Session

Chairs: Edwina Brown & Heeyoun Hur

Combining biomaterial and databank analysis to predict cardiovascular outcomes and survival in PD
Simon Davies

Novel immune mechanisms promoting vascular pathology in CKD
Anne-Catherine Raby

SGLT2-inhibition in patients with advanced CKD
Lily Jakulj

Abstracts:

212: Cardiovascular phenotype and prescription of medications for patients on haemodialysis and kidney transplant recipients: Insight from a multi-centre cardiac MRI study
Chandhini Suresh

130: Mechanisms of vascular pathology following Peritonitis in peritoneal dialysis patients and therapeutic intervention
Esra Cetin

14.00 - 15.30

Location: Lammermuir 1

Phosphate, calcium and PTH management – a bone of contention?

Chairs: Kathrine Parker & Martin Ford

Controversies around PTH targets
Sharon Huish

Filling the evidence gap – Phosphate Study UK update
Rona Smith

Maintaining calcium balance – can patients have too little and how much is too much calcium?
Rukshana Shroff

What should we tell patients when RCT evidence is lacking
Holly Loughton

Abstracts:

143: Exploring the real-life challenges to phosphate control in children with CKD – the IMPACT study
Louise McAlister

577: Evaluation of vitamin D (25OH D) status in an ethnically diverse haemodialysis population and an insight of supplementation on renal mineral bone disease biochemistry
Zainab Mollabux

14.00 - 15.30

Location: Lowther

The Mental Capacity Act and kidney treatment: assessing capacity and the Court of Protection

Chairs: Caroline Anderson & Jordan Parsons

The challenges of mental capacity decision making in complex cases
Emma Coyne & Mark Jesky

Supporting mental capacity: Improving communication for people with intellectual disability and autism
Charlie Stone

Dialysis and transplant in the Court of Protection: Learning from case experiences
Ed Pollard

Abstracts:

- 441:** Delirium-codes are more prevalent in younger hospitalized patients on dialysis compared to hospitalized people from the general population of the same age
Dorothea Nitsch
- 131:** Healthcare workload amongst people with chronic kidney disease: what impact do mental disorders have?
Michael Sullivan

15.10 - 15.30

Location: Kilsyth (Lomond Suite)

Feel empowered: An integrated approach to enhance outcomes in people with CKD and T2D

Professor Jim Burton
Honorary Consultant Nephrologist and Professor of Renal Medicine and Associate Dean for Clinical Research at the University of Leicester

Niraj Lakhani
*Lead Clinical Pharmacist, Willows Health
Pharmacist Adviser to the Royal College of General Practitioners (RCGP) for Primary Care Development*

This promotional symposium is organised and fully funded by Bayer Plc. It is intended for UK Healthcare professionals only. Adverse event reporting and prescribing information is available at this session.

RP-KER-GB-O860 Date of prep April 2024

15.30 - 16.00

Location: Lennox Suite

Break and exhibition

16.00 - 17.00

Location: Strathblane, Atrium, Cafe, Ochil & Harris

Moderated poster sessions

17.15 - 18.15

Location: Fintry

The 1st real world evidence of the latest CKD-aP treatment approaches in European patients

Chair: Professor Patrick Mark (Glasgow)
 Professor of Nephrology and Honorary Consultant Nephrologist, Glasgow Renal and Transplant Unit, Queen Elizabeth University Hospital Glasgow

Dr Kieran McCafferty (London)
 Consultant Nephrologist, Barts Health NHS Trust and Senior Lecturer, Queen Mary University London

Dr Leonie Kraft (Germany)
 Senior Physician of General Internal Medicine and Nephrology, Robert Bosch Hospital, Stuttgart

This promotional symposium is organised and funded by CSL Vifor, including honoraria for the speakers. The symposium is intended for UK Healthcare professionals only. CSL Vifor products will be discussed. Prescribing information and adverse event reporting information is available at this meeting. UK-DFK-2400077 April 2024

CSL Vifor

17.15 - 18.15

Location: Pentland Auditorium

Bridging the gap: implementation of chronic kidney disease guidelines

Professor James Burton

Dr Pauline Swift

Beverley Bostock

This is a promotional symposium sponsored and organised by AstraZeneca and is intended for GB HCPs only.

AstraZeneca has provided a sponsorship towards this independent programme. AstraZeneca has had no editorial input into or control over the agenda, content development or choice of speakers, nor opportunity to influence except for the AstraZeneca sponsored symposia presentations.

AstraZeneca

17.15 - 18.15

Location: Sidlaw

Exploring Lupus Nephritis: Early Insights from Key UK Centres

Dr Albert Power
 Specialty Lead for Renal and Transplant Services

Dr Chee Kay Cheung
 Consultant Nephrologist

Otsuka

This promotional symposia has been organised and funded by Otsuka Pharmaceuticals (UK) Ltd.

18.15 - 19.15

Location: Strathblane Hall

Welcome reception

18.15 - 19.15

Location: Level -1 Mezzanine

SpR Club Reception

19.30 - 22.30

Location: Cromdale Hall

Speakers' dinner Invite Only

08.00 - 08.45

Location: Tinto (Lomond Suite)

Advancing the Care of IgAN Patients in the UK

Samira Alishani

Professor Daniel Gale - St Peter's Chair of Nephrology

Dr Chee Kay Cheung - Consultant Nephrologist

STADA UK – Thornton & Ross Ltd is sponsoring this event through provision of stand space and symposia sponsorship

08.00 - 08.45

Location: Moorfoot (Lomond Suite)

Advances in the treatment of ANCA related vasculitis/ Real World Evidence. A case-based discussion on ANCA associated vasculitis treatments and real world experience

CSL Vifor

Dr Steve McAdoo
(Imperial College London)

Dr Rachel Jones
(Cambridge University Hospitals)

This promotional symposium is organised and funded by CSL Vifor, including honoraria for the speakers. The symposium is intended for UK Healthcare professionals only. CSL Vifor products will be discussed. Prescribing information and adverse event reporting is available at this symposium. UK-AVA-2400071 April 2024

08.00 - 08.45

Location: Kilsyth (Lomond Suite)

Transforming practice: implementation of chronic kidney disease guidelines

Professor Smeeta Sinha

Dr William Hinchliffe

Dr Kevin Fernando

This is a promotional symposium sponsored and organised by AstraZeneca and is intended for GB HCPs only.

AstraZeneca has provided a sponsorship towards this independent programme. AstraZeneca has had no editorial input into or control over the agenda, content development or choice of speakers, nor opportunity to influence except for the AstraZeneca sponsored symposia presentations.

08.45 - 10.00

Location: Pentland Auditorium

Plenary

Chairs: Lisa Ancliffe & Andrew Frankel

Keynote speaker

Academic medicine is at risk

Sir Peter Mathieson, Principal and Vice Chancellor, University of Edinburgh

UKKA Lifetime Achievement Award Lecture

APOL1 gene variants and CKD in Africans and their descendants

Dwomoa Adu, Consultant Nephrologist, Korle Bu Teaching Hospital Accra, Ghana

Donna Lamping MPT Researcher Award Lecture

Overcoming the PhD stereotype: Empowering multidisciplinary teams for research success

Sharon Huish, Academic Dietitian, Service Lead, CKD/MBD CSG Chair, Royal Devon University Healthcare

10.00 - 10.30

Location: Lennox Suite

Break and exhibition

10.30 - 12.00

Location: Pentland Auditorium

Biology and big data to transform lives in rare kidney diseases

Chairs: Zoe Plummer & John Sayer

Transnational data collection for research and better healthcare: The European Reference Network and Registry for Rare Kidney Diseases
Franz Shaefer

Using linked data to investigate kidney outcomes for congenital kidney disease
Lucy Plumb

How the UK National Registry of Rare Kidney Diseases (RaDaR) can inform clinical care via interventional studies
Danny Gale

The human genetics of cilia disorders and the ambitions of CILIAREN
Pleasantine Mill

Rare kidney disease in my children – my journey to a diagnosis
Sarah Bingham

Abstracts:

205: Natural history of idiopathic nephrotic syndrome: The UK National RaDaR Idiopathic Nephrotic Syndrome cohort
David Pitcher

Remembering Tess Harris
Alan Greenberg

10.30 - 11.30

Location: Fintry

Building beyond the Renal Services Transformation Programme - improving psychosocial support

Chairs: Sandra Currie & Fiona Loud

Moving beyond the RSTP: advancing renal psychosocial health
Emma Coyne

Listening with open ears
Amanda Bevin

Panel discussion - Progress, barriers, continued need; what more can and should be done to turn better PS support into reality

*Michaela Dicks, Shannon,
Alex Wood, Jelina Berlow-Rahman
Elizabeth Hunter, Angie & Sarah Mcfarlane*

Abstracts:

514: Development of a Supportive Intervention to Support Informal Caregivers of People with End-Stage Kidney Disease (ESKD) Receiving Haemodialysis (EVOLVE Study)
Michael Matthew

10.30 - 11.30

Location: Kilsyth (Lomond Suite)

It's Friday, 5pm, and there's an AKI referral...

Chairs: Becky Bonfield & Ailish Nimmo

Rhabdomyolysis: how and when to investigate for metabolic causes
Eve Miller-Hodges

AKI and immune checkpoint inhibitors: when to biopsy, when to treat, and when they can cause glomerulonephritis
Allie Shipp

Early graft dysfunction post-transplant: when to consider recurrent diseases
Neal Padmanabhan

10.30 - 12.00

Location: Moorfoot (Lomond Suite)

Beyond the bloods: can we help people feel better?

Chairs: Fez Awan & Hannah Young

Setting the stage: symptoms of kidney disease
Thomas Wilkinson & Bill Whiteford

Cognitive impairment in kidney care: assessment and management strategies
Lisa Ancliffe

Renal resilience: managing fatigue amongst people with kidney care needs
Laura Lew

Sleep, what it is, why we need it and how to improve it?
Alix Covenant

Breathing practicality into kidney related dyspnoea management
Lyndsey Abdunnassir

Moving with and through pain
Jackie Walumbe

Abstracts:

366: Potentially modifiable factors influencing longitudinal health-related quality of life for people with chronic kidney disease in the NURTuRE-CKD cohort
Simon Fraser

107: The interplay between sleep quality and symptom experience in CKD
Ella C Ford

10.30 - 12.00

Location: Menteith

How can I start to develop an integrated CKD service in my area?

Chairs: Sarah Brand & Javeria Peracha

What do GPs want from nephrologists – what good could look like
Kevin Fernando

Getting the data to support the business case
James Tollitt

Practical tips for starting an iCKD service and where do we go next?
Rupert Major

How can I start to develop an integrated CKD service in my area?
Discussion
Kevin Fernando, James Tollitt & Rupert Major

Abstracts:

407: Kidney Failure Risk Equation, providing routine community laboratory reporting – the Lancashire experience.
Beng So

524: Involving people affected by Chronic Kidney Disease (CKD) in early pathway transformation
Livi Bickford-Smith

10.30 - 12.00

Location: Lammermuir 1

Lessons from international collaborations and clinical experience abroad

Chairs: Sunil Bhandari & Sally Punzalan

Developing PD in Pakistan: how relevant is support from international organisations?
Ahad Qayyum

Developing new services in Mauritius after training in UK
Davy Ip Min Wan

Experience of working in Malawi: trainee perspective
Charlotte Snead

Future hepatitis vaccination in Kenya
Catherine Maina

Abstracts:

510: Early detection and management of community acquired Acute Kidney Injury using point of care creatinine in a primary health care centre in Nigeria.
Dimitrios Poulidakos & Adaeze Oreh

248: Promoting physical activity in peritoneal dialysis: understanding provisions and best practice from around Europe
Courtney Lightfoot & Jeanette FINDERUP

10.30 - 12.00

Location: Lowther

Single cell omics to understand kidney disease

Chairs: Donald Fraser & Nancy Smart

The Inaugural UKKA Stewart Cameron Lecture for Outstanding Contribution to the Basic Scientific Understanding of Kidney Disease
Laura Denby

Single cell omics Approaches in Kidney Transplantation
Andrew Malone

Single cell omics to understand AKI
Louisa Gerhardt

Multiomic analysis of human kidney disease highlights novel therapeutic targets
Bryan Conway

10.30 - 12.00

Location: Sidlaw

Clinical updates in glomerular disease

Chairs: Jeremy Levy & Haresh Selvaskandan

Evolving practice in IgA Nephropathy
Chee Kay Cheung

Newer therapeutic approaches in lupus nephritis
Sian Griffin

Management updates in ANCA vasculitis
Rachel Jones

Abstracts:

259: Efficacy and safety of ravulizumab in a phase 2 randomized controlled trial in IgA nephropathy
Chee Kay Cheung

420: Long-term outcomes following rituximab therapy in primary membranous nephropathy
Jessica Selwood

10.30 - 12.00

Location: Tinto (Lomond Suite)

Transforming kidney transplant services: delivering pre-emptive transplantation

Chairs: John Roberts & Caroline Wroe

Pre-emptive living donor kidney transplantation: it's time to change the default!
Frank Dor

How re-imagining patient flow and care led to success in delivery of pre-emptive kidney transplantation at Newcastle
Emma K Montgomery

Panel discussion
Kerry Tomlinson, Jen Lumsdaine, Stephen Bond, Sapna Shah, Kudz Munongi & Bonnie Venter

Abstracts:

359: Kidney Transplantation in Older People (KTOP): quality of life longitudinal mixed methods findings
Lina Johansson & Amarpreet Thind

200: Increasing pre-emptive transplant and listing rates in the South West region through a collaborative Quality Improvement (KQIP) Programme
Ranjit Klare

11.40 - 12.00

Location: Kilsyth (Lomond Suite)

FX CorAL: A novel polysulfone dialyser focusing on hemocompatibility and performance

Fatih Kircelli
Vice President Information & Education for Fresenius Medical Care
Educational Symposium supported by Fresenius Medical Care.

12.15 - 13.15

Location: Strathblane, Atrium, Cafe, Ochil & Harris

Moderated poster sessions

13.15 - 14.15

Location: Lennox Suite

Lunch and exhibition

14.15 - 15.45

Location: Pentland Auditorium

Kidney health inequalities: community engagement and research - moving the dial further along

Chairs: Magdalena Rzewuska Díaz & Barny Hole

Kidney health inequalities in the UK - is the gap narrowing fast enough?
Shivani Sharma

Community engagement
Nicola Thomas

Community ambassador project
Nicola Thomas & Roseline Agyekum

Remote kidney care
Udita Mitra

Black and minority ethnic patient-centred dietary resources
Deepa Kariyawasam

Panel discussion
Fez Awan, Andy Henwood, Neerja Jain, Deepa Kariyawasam & Roseline Agyekum

Abstracts:

576: Health Inequalities in kiDney Disease: mEeting the urgent need to identify Early disease in high-risk commuNities (HIDDEN-CKD): Community Participants Perspectives.
Rachel Musomba

608: Identifying language barriers and their effect on patient outcomes in low clearance clinic: results from a single-centre retrospective review
Abdulrahman Al-Mohammad

14.15 - 15.15

Location: Kilsyth (Lomond Suite)

The UKKA and Kidney Care UK: Creating a new era of trusted, accessible patient information

Chairs: Sue Lyon & Angeline Taylor

UKKA & KCUK: Creating a new era of trusted, accessible patient information
Yincent Tse & Laurie Cuthbert

Abstracts:

479: What compromises are you willing to make?: Descriptions of kidney failure treatment options in information resources and their influence on patient understanding and decision-making
Ryann Sowden

14.15 - 15.45

Location: Fintry

Implementing strategies to support people to live well with kidney disease: utilising the RSTP toolkit

Chairs: Pelagia Koufaki & Jamie MacDonald

Introduction to the RSTP living well toolkit
Sharlene Greenwood

The UK therapy workforce: Opportunities and challenges to meeting the RSTP recommendations
Lisa Ancliffe

Using behaviour change techniques to support people to live well with CKD
Nicky Knowles

Structured Q&A on lived experience of behaviour change, facilitated by chairs
Bill Whiteford

Understanding the other side - what do commissioners look for in a business case?
AnnMarie Pritchard

Abstracts:

89: Implementation of therapy support in the Advanced Kidney Care Clinic: A quality improvement project
Hannah Young

564: An exploration of inpatient referrals to Renal Clinical Psychology: Reasons for referral and equality and diversity issues
Emma Coyne

14.15 - 15.45

Location: Lowther

Novel solutions to effective sustainable CKD prevention work with primary care

Chairs: Simon Fraser & Linda Tarm

Leicester/Lucid
Rupert Major

Salford
Vicky Ashworth

Wales
Alexa Wonnacott

SE London
Kathryn Griffiths

Southampton
Kristin Veighey

Abstracts:

148: Empowering patients to take charge of their kidney health: A healthcare staff perspective in the UK
Naeema Patel

558: Transforming outpatient care using MyRenalCare: Outcomes of the NHSX digital health partnership award project
Nick Sangala

14.15 - 15.45

Location: Menteith

Failing kidney transplant: next steps in management in children and adults

Chairs: Jan Dudley & Carrie Scuffell

Current practices in management of children with failing allografts across Europe
Zainab Arslan

Chaos, cheese & coffee
Courtney White

Optimising outcomes
Sian Griffin

Abstracts:

227: A comparative analysis of the starting modality of kidney replacement therapy amongst UK children and the association with all-cause mortality
Camilla Pillay

230: Successful sequential haploidentical maternal haematopoietic stem cell and kidney transplantation without requirement for long term immunosuppression
Stephen Marks

14.15 - 15.45

Location: Tinto (Lomond Suite)

Peritoneal dialysis related infection

Chairs: Simon Davies & Richard Corbett

PD infection in UK: data from PDOPPS
Jeff Perl

Tackling high UK peritonitis rates: A regional QI approach
Catherine Stannard

Role of registries in reducing peritonitis rates: Scottish experience
Michaela Petrie

Abstracts:

586: Does the PD peritonitis risk increase in patients needing an extra connection for icodextrin? A review of data over 5 years in a single centre
Jenny Allen & Rehma Nanteza

247: Single centre experience of using QuickCheck point of care device for diagnosing PD peritonitis: impact on diagnosis and management
Christine Budd

14.15 - 15.45

Location: Lammermuir 1

New routes to protect damaged and aged kidneys

Chairs: Tim Bowen & Elisa Vasilopoulou

Targeting senescent cells to protect the ageing kidney
Katie Mylonas

Impact of biological aging in kidney transplantation
Maria Kaisar

Barrelling into the future: how new technologies can bring nephrology into the era of ultra-precision medicine
Haresh Selvaskandan

Abstracts:

388: Novel Keap1-Nrf2 protein-protein interaction inhibitor UBE-1154 protects from kidney disease in a mouse model of Alport syndrome
Shota Kaseda

Science
Session

14.15 - 15.45

Location: Sidlaw

The kidney biopsy makes it to the 21st century: what next?

Chairs: David Kippen & Katrina Wood

Future under construction: How best to build machine learning into diagnostic nephropathology
Jesper Kers

New diagnostic tools for kidney pathology: what might we be missing?
Candice Roufosse

Systematic reporting and coding of kidney biopsies: implications for practice and renal registries
Amelie Dendooven (Recorded) & Colin Geddes

Panel discussion
Jesper Kers & Colin Geddes

Abstracts:

186: International renal biopsy practice is influenced by human and systemic factors
Michael Toal

Renal Pathology
sessions

14.15 - 15.45

Location: Moorfoot (Lomond Suite)

Sustainable kidney care: a global initiative towards greener nephrology

Chairs: Ron Cullen & Suren Kanagasundaram

Procurement
Caroline Stigant (Remote)

Tipping points
Mark Harber

Climate resilience
Rosa Montero

Abstracts:

261: Sustainable dialysis: What difference does it make?
Gareth Murcutt

344: Towards achieving sustainable health care in a renal centre - carbon saving is coupled with cost efficiency
Stephanie Choo & John Stoves

15.25 - 15.45

Location: Kilsyth (Lomond Suite)

Treatment Duration & Monitoring in aHUS: a personalised, risk-based approach

Professor Neil Sheerin

This is a promotional symposium sponsored and organised by Alexion AstraZeneca Rare Disease and is intended for UK HCPs only.

AstraZeneca has provided a sponsorship towards this independent programme. AstraZeneca has had no editorial input into or control over the agenda, content development or choice of speakers, nor opportunity to influence except for the AstraZeneca and Alexion AstraZeneca Rare Disease sponsored symposia presentations

15.45 - 16.05

Location: Lennox Suite

Break and exhibition

16.05 - 17.05

Location: Fintry

Enabling RAASi optimisation in CardioRenal patients: A multi-disciplinary approach

Professor Smeeta Sinha, Dr Albert Power & Dr Ben Dicken

This is a promotional symposium sponsored and organised by AstraZeneca and is intended for UK HCPs only.

AstraZeneca has provided a sponsorship towards this independent programme. AstraZeneca has had no editorial input into or control over the agenda, content development or choice of speakers, nor opportunity to influence except for the AstraZeneca sponsored symposia presentations.

AstraZeneca 

16.05 - 17.05

Location: Pentland Auditorium

Together we navigate clinical barriers in CKD and T2D

Andrew Frankel

Consultant Nephrologist, Imperial College Healthcare NHS Trust

This promotional symposium is organised and fully funded by Bayer Plc. It is intended for UK Healthcare professionals only. Adverse event reporting and prescribing information is available at this session.

RP-KER-GB-O86O Date of prep April 2024

16.05 - 17.05

Location: Sidlaw

SGLT2is: Time for the renal community to take the lead...?

Chair: Professor David Wheeler

Professor James Burton

Dr Kevin Fernando

This promotional symposium session is developed and funded by the Boehringer Ingelheim & Lilly Alliance for UK and Irish HCPs. Boehringer Ingelheim & Lilly Alliance products will be discussed at this meeting. The Boehringer Ingelheim & Lilly Alliance has provided funding towards the UK Kidney Week 2024 meeting; however, it has had no input into the agenda, speaker selection, presentations or collateral content, except for this promotional symposium session, which the Boehringer Ingelheim & Lilly Alliance are fully responsible for.

NP-GB-104443 | April 2024

17.15 - 18.15

Location: Fintry

Viral complications of transplantation: a scientific update

Chairs: Mohammed Al-Talib & Miriam Berry

The immunobiology of human cytomegalovirus infection in renal transplant patients
Ian Humphreys

BK virus: The oncogenic risks and the development of national clinical guidelines for the transplant community
Simon Baker

Abstracts:

502: Use of Uromune vaccine to prevent recurrent UTIs in kidney transplant recipients
Denise Cunningham

17.15 - 18.15

Location: Tinto (Lomond Suite)

Poverty is everyone's business - the case for closer collaboration between health and social care

Chairs: Margaret Eyre & Cathy Pogson

Why poverty matters
Michelle Delon

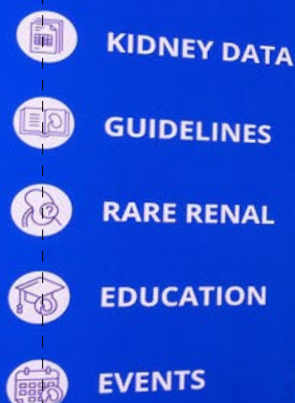

Serious case review
Michael Preston-Shoot

Maintaining and improving the links between services
Bernie Boruch & Rachel Barkman-Astles

The voice of the patient

Abstracts:

470: Using social prescribing to address health inequalities in a haemodialysis population: A pilot study
Maisha Ahmed

17.15 - 18.15

Location: Menteith

Fun and practical quality improvement – past, present, and future of QI

Chairs: Rosie Donne & Leeanne Lockley

Introduction to KQIP: 10 steps in 10 minutes
Rosie Donne

QI activity

PDSA's in practice panel – home therapies
Steve Hewitt

PDSA's in practice panel - Peritonitis
Jenny Allen & Rachel Humphreys

PDSA's in practice – transplant
Kostantinos Koutrotsos

Abstracts:

493: The Design and Implementation of a Multispecialty, Multidisciplinary Acute Kidney Injury Quality Improvement Strategy
Sacha Moore

17.15 - 18.15

Location: Pentland Auditorium

Improving quality of life for older people having dialysis

Chairs: Helen Hurst & Andy Nixon

DEBATE: PD is the optimal dialysis modality for many when old and frail
Edwina Brown: PRO
Jeremy Levy: CON

What about exercise when frail on PD?
Hannah Young

Abstracts:

228: Evaluating symptom burden and decision making in older people with advanced chronic kidney disease (CKD): a cross-sectional service evaluation
Iqbal Lokman

17.15 - 18.15

Location: Sidlaw

Unexplained CKD and kidney failure- paediatric, adult and genetic approaches

Chairs: John Sayer & Roslyn Simms

Unexplained CKD in adults – clinical aspects
Danny Gale

Unexplained CKD in childhood and when to think about genetics
Dean Wallace

Genetic testing of unexplained CKD
Joanna Jarvis

Abstracts:

406: Developing a personalised human proximal tubular cystinuria drug screening model
Mohammed Dakhakhini

17.15 - 18.15

Moorfoot (Lomond Suite)

Pathology case discussions

Chair: Zahabia Ali & Candice Roufousse

Abstracts:

297: Learning from an uncommon manifestation of a rare mitochondrial disorder
Hannah Gillespie

139: IgG4-related disease presenting with nephrotic syndrome due to minimal change disease
Amy Needleman

332: IgA-dominant infection-related glomerulonephritis associated with Klebsiella Pseudonomas skin infection
Daniel Yeong Hoong Thong

374: Navigating complexity: A case report of Chronic Kidney Disease with renal stone unravelling a rare metabolic disorder
Darren Green

17.15 - 18.15

Location: Lowther

"Get realist" – applying realist methodology to describe AKI e-alert interventions – interactive session

Facilitators: Dominic Taylor, Barny Hole, Maria Pippias, Ailish Nimmo

AKI e-alerts are widespread but RCTs did not show consistent benefit. Success of AKI e-alerts appears to depend on the contexts within which they are delivered. In this interactive session you can learn about realist research, then apply realist methods to the knotty issue of AKI e-alerts.

Abstracts:

267: The Kidney-specific Psychosocial ASSESSment and support (Kidney PASSPORT) feasibility trial: Learning from the Assistant Wellbeing Practitioner (AWP renal) role
Rebecca Bell

17.15 - 18.15

Location: Kilsyth (Lomond Suite)

Exploring the provision of psychosocial care to the young adult population

Chairs: Arvind Nagra & Sarah Oakley

What do we already know about providing psychosocial care to renal young adults?

Amy Waugh

What can renal young adults teach us about improving their psychosocial care?

Jessica Dean

Q&A

Sharlene Taylor & Ryan Cuff

Abstracts:

99: Kidney replacement therapy decision-making experiences of young adults living with kidney failure
Sarah Ofori-Ansah

19.30 - 20.00

Location: Strathblane Hall

Pre-dinner drinks

20.00 - 23.30

Location: Cromdale Hall

Conference dinner

08.00 - 08.45

Location: Tinto (Lomond Suite)

Finding Fabry: Do you know when to SUSPECT, TEST and REFER? Test your knowledge

This is a promotional symposium sponsored by Amicus Therapeutics UK Ltd. Amicus products will be discussed.

Prof John Sayer

Dr Shabbir Moochhala

Prof Candice Roufosse

08.00 - 08.45

Location: Moorfoot (Lomond Suite)

The Clinical Development Programme for Lumasiran ▼ for the Treatment of Primary Hyperoxaluria Type 1

Professor Sally-Anne Hulton

Dr Graham Lipkin

This promotional symposia has been organised and funded by Alnylam UK Ltd.

08.00 - 08.45

Location: Kilsyth (Lomond Suite)

Charting the Path to Person-Centered Care with Home Dialysis: A Team Effort

Prof. Mark Lambie Keele University
Consultant Nephrologist at University Hospital of North Staffordshire

Sally Punzalan
Head Nurse, Renal Home Therapies (RHT), Imperial College Healthcare NHS Trust, London

Madeleine Warren Consultancy Director
Home Dialysis Advocate and long-term Home Dialyser

Educational Symposium supported by Fresenius Medical Care Deutschland GmbH

08.45 - 10.00

Location: Pentland Auditorium

Opening Plenary

Chairs: Tim Bowen & Alan Salama

Keynote speaker

Updates in the diagnosis and management of chronic kidney disease

Morgan Grams, Susan and Morris Mark Professor of Medicine, NYU Grossman School of Medicine

Chandos Lecture

Unveiling urinary phenotypes: strategies for kidney disease diagnosis and treatment

John Sayer, Professor of Renal Medicine, Newcastle University

Keynote speaker

Artificial intelligence: how can dialysis care make use of it?

Peter Kotanko, Head of Biomedical Evidence Generation and Renal Research Institute, New York

10.00 - 10.30

Location: Lennox Suite

Break and exhibition

10.30 - 12.00

Location: Moorfoot (Lomond Suite)

Healthcare data for patient benefit

Chairs: Samira Bell & Nigel Brunskill

BHF Data Science Centre Catalyst showcase – harnessing data to improve patient care

Lynn Morrice & Samira Bell

From Laptop to LUCID: Using data insights to improve CKD care

Rupert Major

How real-world variation in patient care helps us to understand treatment risks and benefits: two applications in diabetes and cardiology care

Patrick Bidulka

Abstracts:

453: NURTuRE-CKD: Outcomes by primary renal diagnosis
Thomas McDonnell

178: Healthcare resource utilisation among adult patients with chronic kidney disease by KDIGO categorisation in England (CIPHER): Clinical Practice Research Datalink 2010-2019
Paul Cockwell

10.30 - 11.30

Location: Lammermuir 1

Navigating implementation of patient reported experience and outcome measures

Chairs: Fiona Loud & Nicola Thomas

Needling Patient Reported Experience Measure (NPREM)

Currie Moore

Kidney Patient Reported Experience Measure (Kidney PREM)

Amanda Busby

Patient Reported Instrument of Engagement in Self-Management (PRIESM CKD-HD) scale

Helen Munro-Wild

Vascular Access Specific Quality of Life (VASQoL) measure

Karen Stevenson

My view of questionnaires

Tarsem Paul & Fez Awan

Abstracts:

403: Developing a core outcome set for pharmacist interventions in chronic kidney disease: results from an international survey and e-Delphi consensus study
Ashkon Ardavani

10.30 - 12.00

Location: Menteith

Value in kidney health: using health economics to advance kidney care

Chairs: Nicola Cunningham & Esther Wong

Outcomes for people with kidney disease
Joanna Coast

Top 10 tips for economic evaluation in kidney disease
James Fotheringham

Communicating health economics to diverse audiences
Sandra Currie & Karen Seex

Abstracts:

298: Cost-effectiveness of bioimpedance guided fluid management in patients undergoing haemodialysis: the BISTRO RCT
Mandana Zanganeh

534: The utility and cost-effectiveness of embedding geriatric expertise in a tertiary referral renal clinic
Andrew Mooney

10.30 - 12.00

Location: Sidlaw

Meeting the challenges of kidney supportive care

Chairs: Heather Brown & Juliet Briggs

Managing difficult symptoms in kidney supportive care
Frank Brennan (Remote)

An update on the evidence: what do we know about what works?
Fliss Murtagh

Addressing challenges in communication – learning from the OSCAR study
Ryann Sowden

Abstracts:

312: Kidney supportive care – staff education. Development of a bespoke kidney supportive care education package.
Sarah Mackie

268: Prescribing patterns in older people with advanced chronic kidney disease approaching the end of life.
Matthew Letts

10.30 - 12.00

Location: Fintry

Getting the right vascular access for patients - facilitating the flow

Chairs: Damian Ashby & Helen Spooner

Vascular Access guidelines – time for a rethink?
Jyoti Baharani

Patient view on decision making for vascular access and lived experience
Robert Holland

The role of the VA nurse – accountability is key to helping patients make decisions on VA
Tamasin Stevenson

Emotional obstacles to access. Navigating decisions - a vascular access nurse perspective
Miriam Mason

Access to the Inside: The experience of dialysis for traumatised patients
Angela Taylor

Lifeline or Tripwire? Working with trauma in renal patients
Gillian Chumbley

Abstracts:

472: Optimising the timing of referral for vascular access - a retrospective analysis using eGFR and KFRE thresholds
Rupert Major

371: Assessing Vascular Access Thrombectomy Service Adherence to GIRFT Recommendations: Single Centre Experience
Alshymaa Eltahan

10.30 - 12.00

Location: Tinto (Lomond Suite)

Patient acuity and workforce challenges in haemodialysis units; a collaborative approach

Chairs: Karen Jenkins & Kunaal Kharbanda

Working together with commissioners to establish the future of kidney care
Helen Chadwick & Libby Critchley

Home Dialysis Workforce Survey - What it reveals and how it could impact on future workforce planning
Laura Thompson & Carol Rhodes

Workforce challenges: Is acuity the answer? Hertfordshire and Northwest Experience in Haemodialysis
Sandra Cruickshank & Helen Hurst

Abstracts:

352: Improving transition onto haemodialysis: a novel trainee-led clinic giving better outcomes to patients and better training to registrars
Joseph Cairns

445: The Dialysis unit is on fire – learning from crisis
Stephen John

10.30 - 12.00

Location: Pentland Auditorium

Best science abstracts

Chairs: Matt Bailey & Maria Fragiadaki

Raine Award, presented by June Raine

Mapping immunity in the human kidney with single cell genomics

Benjamin Stewart

Abstracts:

477: Downregulation of urinary microRNA 133 predicts progression of IgA nephropathy

Daniel Smith

440: Single-nucleus RNA sequencing uncovers diverse renal stromal cell types, states and dynamics during kidney growth

Irina Grigorieva

431: Spatial and single cellular profiling of human IgAN renal biopsies reveals cell-type specific disease signatures and cellular crosstalk within heterogeneous tissue

Jessica Kepple

85: Evaluation of a proteomic signature, coupled with the kidney failure risk equation, for predicting end stage kidney disease in a chronic kidney disease cohort

Carlos Raul Ramirez Medina

390: Sparsentan has direct effects on the glomerular capillary wall to attenuate increased permeability after exposure to nephrotic syndrome plasma

Michael Crompton

436: Genetically induced senescent cells recruit leukocytes, promote fibrosis, and permit their own clearance from healthy young kidneys

Maria-Helena Docherty

10.30 - 12.00

Location: Lowther

Complement inhibitors and vasopressin-2 antagonists: recent advances in renal disease

Chairs: Hannah Gillespie & Neil Sheerin

Management of aHUS: Lessons from a national aHUS service

Vicky Brocklebank

Addressing the unmet need in C3 Glomerulopathy

Edwin Wong

Navigating ADPKD care: Tolvaptan, latest guidelines and future horizons

Matt Gittus

Abstracts:

498: Clinical characteristics and long-term outcomes of 287 C3 glomerulopathy and immune complex MPGN patients from the UK National Registry of Rare Kidney Diseases (RaDaR)

Sherry Masoud

110: Efficacy of 12-week pegcetacoplan in kidney transplant recipients with recurrent C3 glomerulopathy (C3G) or immune complex membranoproliferative glomerulonephritis (IC-MPGN)

David Kavanagh

11.40 - 12.00

Kilsyth (Lomond Suite)

Point-of-Care Creatinine, can it improve outcomes?

Dr Kate Bramham

Dr Nick Sangala

This promotional symposia has been organised and funded by Nova Biomedical.

12.00 - 13.00

Location: Lennox Suite

Lunch and exhibition

13.00 - 14.30

Location: Lowther

How can the kidney community help make CKD a higher priority for governments and the NHS?

Chairs: Stephen Cass & Lucy Smyth

Setting the scene
Sandra Currie

The role of the NCD in raising the profile of CKD within NHS England and beyond
Smeeta Sinha

A campaign raising awareness of CKD amongst parliamentarians in Scotland and campaigning for a national Action Plan on CKD
Jeremy Hughes

The role of the Kidney Policy Forum in helping move CKD up the political agenda
Nitasha Vekaria & Katie Vinen

The role of patients in bringing lived experience into policy making
Miranda Scanlon

Abstracts:

276: Validation of the Kidney Failure Risk Equation (KFRE) in individuals with chronic kidney disease and multimorbidity
Heather Walker

188: Let's Talk Kidneys: early intervention in chronic kidney disease – the patient view
Fiona Loud

13.00 - 14.10

Location: Lammermuir 1

Quality of life as the focus of management of anaemia in CKD

Chairs: Sharlene Greenwood & Sapna Shah

Living with CKD and anaemia
Fez Awan

Kidney Care UK: Patient Reported Experience Measures survey for anaemia of CKD – key learnings
Laurie Cuthbert

European expert opinion on the management of anaemia of chronic kidney disease
Samira Bell

Anaemia and quality of life in CKD: a consensus document from the European Anaemia of CKD Alliance
Indranil Dasgupta

Abstracts:

317: Pioneering 2024 guidelines - revolutionising anaemia of CKD management with HIF-PHI agents
Sebastian Spencer

546: A retrospective multi-centre audit on safety related outcomes of Roxadustat
Robert Brown

13.00 - 14.30

Location: Fintry

Preventing kidney complications associated with diabetes: the hot potato!

Chairs: Andrew Frankel & Amita Godse

Diabetes UK and Kidney Research UK partnership working and patient voice
Swati Bhagat-Jones, Katie Bareford & Angela Riley

Early detection case study: NHS Cymru/KRUK project
Neerja Jain

The role of AHPs/Nurses in the diabetes renal space for joined up care
Hellena Habte-Asres & Gabby Ramlan

Abstracts:

566: Serum miRNAs as novel biomarkers and modulators of rapidly progressing Chronic Kidney Disease in patients with Diabetes
Callum McDowall

272: New clinical pathways to transform identification and management of early stage chronic kidney disease in people with and without Type 2 diabetes across London
Linda Tarm

13.00 - 14.30

Location: Menteith

Journal Club Gold 2024

Chairs: Ramyangshu Chakraborty & Kieran McCafferty

Haemodialysis
Damien Ashby

Transplantation
Sian Griffin

CKD
Tina Chrysochou

GN
Lisa Willcocks

Big data
Jim Ritchie

Cardio-renal
Jennifer Lees

IgA
Chee Kay Cheung

13.00 - 14.30

Location: Pentland Auditorium

Blood purification: have we reached the end of the road with the tools that we have?

Chairs: Alirio Bechior & Neill Duncan

Have we reached a ceiling of what dialysis technology can achieve?
Mark Lambie

The use of wearable technologies to improve the dialysis care pathway
Chris Chan (Recorded)

Pharmacological advances to minimise the physiological impact of dialysis: a focus on inflammation
Clare Morlidge

The use of water in an era of sustainability: can we be more efficient?
Nick Sangala

Unplanned admissions in dialysis patients: an important knowledge gap?
Damien Ashby

Abstracts:

566: The CompAct-HD trial reports a persistent inflammatory profile in patients undergoing haemodialysis, acutely exacerbated with each haemodialysis treatment
Elizabeth Blackburn & Duha Ilyas

528: Body composition and its response to intradialytic exercise in kidney failure: a combined analysis of the PEDAL and CYCLE-HD randomised controlled trials
Khai Ping Ng

13.00 - 14.30

Location: Sidlaw

Expanding access to home dialysis

Chairs: Jeff Perl

What did the KDIGO home dialysis controversies conference say?
Martin Wilkie

International Home Dialysis Consortium: moving forward with implementation
Edwina Brown

Engaging with the advanced kidney care team is key
Audrey Jones & Laurie Kirkland

Patient voice: stepping stones for getting on to PD
Jennifer Scott

Abstracts:

225: Peritoneal dialysis nursing workforce: how does variation within a regional network effect quality of care?
Katie Durman

428: An intervention bundle to improve home dialysis uptake: results of the 'Intervening to eliminate the centre effect variation in home dialysis use' ('Inter-CEPT') study
Simon Davies

13.00 - 14.30

Location: Tinto (Lomond Suite)

Inflammation as a key driver of kidney dysfunction

Chairs: Cecile Benezech & Laura Denby

Biophysical properties of immune cells
Maria Predecki

Immunometabolism and immune cell function
Luke Davies

Monocytes and ANCA
Conner Finlay

Abstracts:

448: GATA3 haploinsufficiency in renal stromal cells results in dysregulated immune responses in the kidney following ischemic injury
Irina Grigorieva

183: Macrophages may aggravate kidney injury in absence of lymphoid cells, in immunodeficient mouse model of adenine induced CKD
Federica Petrillo

13.00 - 14.30

Location: Kilsyth (Lomond Suite)

Interventional nephrology should exist in every renal unit

Chairs: Sid Ahmed & Kudzanai Munongi

UK-DIN: joining the dots
Sid Ahmed

IN and ANNUK
Helen Spooner

Pg cert IN update
Shalabh Srivastava

Nurse USS assisted cannulation training
Vandana Niyar (Recorded)

A week in the life of an IN trainee
Yimeng Zhang

IN back to Basics
Nick Farndon

Abstracts:

372: The impact of software-assisted remote vascular access surveillance on detecting stenosis and thrombotic complications
Aishyama Eltahan

325: Assessing the efficacy of a nephrologist-led pathway in identifying stenosis of arteriovenous fistulae (AVF)
Daniel Arenstein

13.00 - 14.30

Location: Moorfoot (Lomond Suite)

Optimising nutrition in advanced kidney care - an update for all

Chairs: Angela Doherty & Thomas Wilkinson

Optimising protein intake as patients approach dialysis
Graham Woodrow

The dietitian's role in treating metabolic acidosis
Beverley Beynon-Cobb

Re-evaluating dietary potassium restrictions in advanced CKD
Andrew Morris

Abstracts:

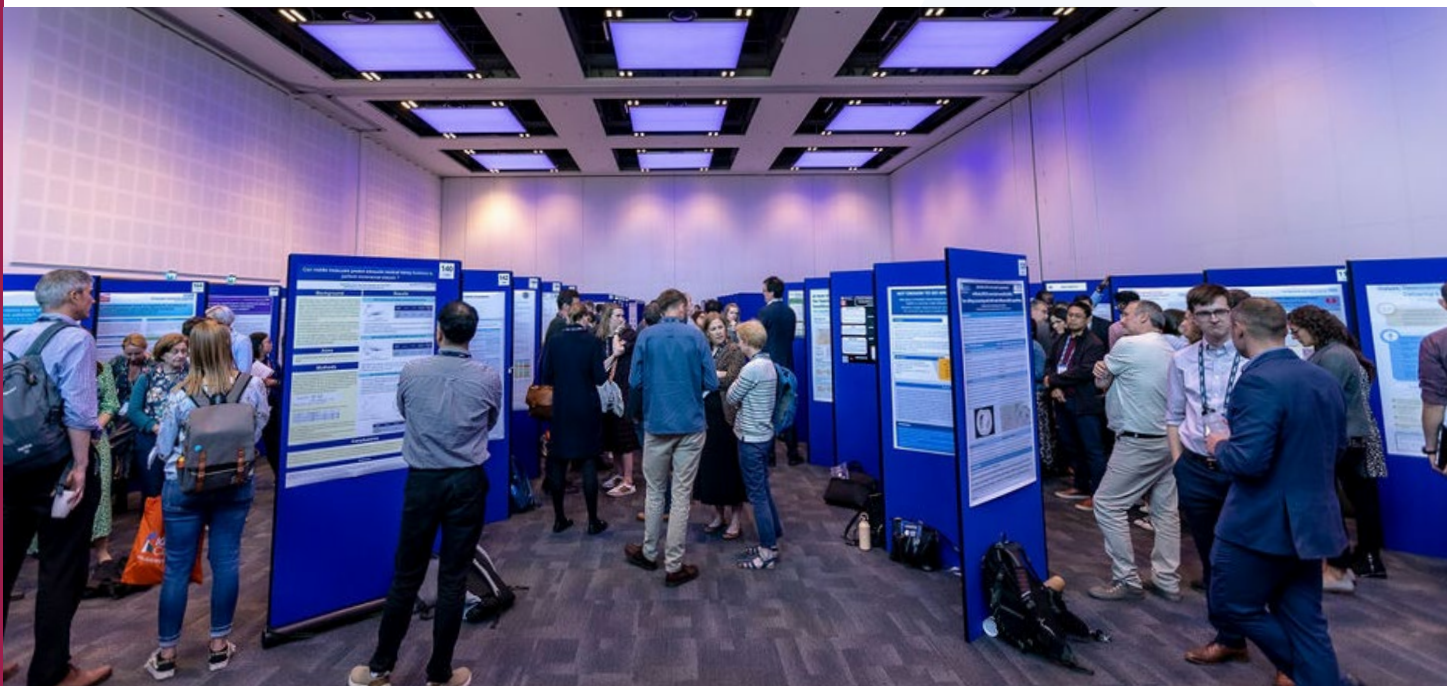

525: A Combined Home-based ExERciSe and Nutritional Approach to Improve Frailty Status in Kidney Transplant Recipients (The CHERISH Study): A Randomised Controlled Study
Winnie Chan

180: Plant-based diets and CKD – development of 3 plant-based factsheets; a collaboration with the Renal Nutrition Group (RNG) and the Plant Based Health Professionals (PBHP)
Angeline Taylor

Conference ends

This meeting has been sponsored by Chiesi Limited with funding contributing towards venue hire and stand space only, and have had no input into the educational content of the meeting. Chiesi representatives will be present at the meeting.

Novo Nordisk has purchased stand space from UK Kidney Week and will be present at UK Kidney Week 2024.

Join us next year in
BOURNEMOUTH
10 - 12 June 2025

UK Kidney Week 2024

11 – 13 June 2024
