

UK KIDNEY WEEK

PROGRAMME AT A GLANCE

TUESDAY 10 JUNE

-  SCIENCE SESSION
-  RENAL PATHOLOGY SESSION
-  SPONSORED

11:30 - 12:30

LUNCH AND EXHIBITION

12:30 - 13:45

Opening plenary

14:00 - 15:30

Dual challenges: Addressing the interplay between mental health and kidney disease	Nephrology challenges in global healthcare	NEPHwork: Dragon's Den	Tired of a lack of evidence	The cyclical journey of the AKI patient: Points for intervention and improvement	Cancer, kidney and cardiovascular disease	Translating strategies to regulate gene expression into novel kidney disease therapies
------------------------------------------------------------------------------------	--------------------------------------------	------------------------	-----------------------------	----------------------------------------------------------------------------------	-------------------------------------------	----------------------------------------------------------------------------------------

15:30 - 16:00

BREAK AND EXHIBITION

16:00 - 17:00

Moderated poster session

17:15 - 18:15

Sponsored symposium	Sponsored symposium	Sponsored symposium
---------------------	---------------------	---------------------

18:15 - 19:15

Welcome reception

19:30 - 22:00

Speakers' dinner

Specialty Renal Trainees reception

WEDNESDAY 11 JUNE

-  SCIENCE SESSION
-  RENAL PATHOLOGY SESSION
-  SPONSORED

07:45 - 08:00

UK KIDNEY ASSOCIATION AGM

08:00 - 08:15

75th ANNIVERSARY CELEBRATION

08:30 - 09:45

Plenary

10:00 - 10:45

Sponsored symposium | Sponsored symposium | Sponsored symposium

10:45 - 11:15

BREAK AND EXHIBITION

11:15 - 12:15

Best clinical abstracts	Caring for our carers	Enhancing Nursing in Kidney Care: education, engagement, and development	CKD-MBD: time for a paradigm shift	Home haemodialysis - assembly and instructions for use	The power of big data to make a difference	Computational strategies to understand kidney omics
-------------------------	-----------------------	--------------------------------------------------------------------------	------------------------------------	--------------------------------------------------------	--------------------------------------------	-----------------------------------------------------

12:30 - 13:30

Moderated poster session

13:30 - 14:30

LUNCH AND EXHIBITION

INTERVENTIONAL NEPHROLOGY DROP-IN SESSIONS - ALL DAY

CONTINUED ON NEXT PAGE

WEDNESDAY 11 JUNE

- SCIENCE SESSION
- RENAL PATHOLOGY SESSION
- SPONSORED

14:30 - 16:00

UKKA Sustainable Kidney Care programme: time to scale up

It's Friday, 5pm, and the phone rings...

Diet and CKD – controversies and patient perspectives

Helping older patients make treatment choices about dialysis and transplantation

The rising tide of demand for dialysis: practical steps to help you stay afloat

Vascular access dilemmas: evidence, debate, and patient perspectives

Beyond the Blueprint: Multiomics in Kidney Disease Research

16:00 - 16:20

BREAK AND EXHIBITION

16:20 - 17:20

Sponsored symposium

Sponsored symposium

Sponsored symposium

17:30 - 18:30

Behind closed doors: The invisible chaos. How can we support patients who self-neglect/hoard?
A panel and audience discussion

Clinical trials and tribulations: innovative methods and inclusive designs

Best practices in renovascular disease

Peritoneal dialysis in focus: Innovations, patient perspectives, and practical approaches for 2025

Blood pressure management in dialysis patients: An overview of the UKKA 2025

#BloodyAmazing Kidneys – moving the dial

Cilia and cystic kidney disease

18:30 - 19:30

BREAK

19:30 - 22:00

CONFERENCE DINNER

THURSDAY 12 JUNE

-  SCIENCE SESSION
-  RENAL PATHOLOGY SESSION
-  SPONSORED

08:30 - 09:45

Plenary

10:00 - 10:30

Sponsored
symposium

Sponsored

Sponsored
symposium

10:30 - 11:00

BREAK AND EXHIBITION

11:00 - 12:30

Management of patients after kidney transplantation – a multi-professional, evidence based approach

Tried & tested: Tackling health inequalities in CKD with community outreach & patient education across England & Wales

Challenges and opportunities for rehabilitation in CKD

Integrating kidney genetics into your clinical practice

Multi-morbidity – the importance of the cardio kidney metabolic syndrome

Pregnancy, menopause and the kidney

Best science abstracts

Raine Award Lecture

12:30 - 13:30

LUNCH AND EXHIBITION

CONTINUED ON NEXT PAGE

THURSDAY 12 JUNE

- SCIENCE SESSION
- RENAL PATHOLOGY SESSION
- SPONSORED

13:30 - 15:00

Frailty, multimorbidity, and cognitive impairment in older potential kidney transplant recipients: it's time for a national paradigm shift

The changing landscape of obesity in CKD - from prevention to treatment

What you need to know about ANCA vasculitis - an update on research and guidelines

Practice updates on histopathology of genetic diseases of the kidney affecting adults

Democratising kidney research and practice for equitable patient benefit

Empowering kidney care for young adults: digital tools & patient-centred strategies

Developments in preventing the complications of immunosuppression in transplant patients

15:15 - 16:15

Making sense of sensitisation

What's next for the Government's 10 Year Health Plan and will it lead to better outcomes for kidney patients?

CAR-T - will it be a game changer in Nephrology?

Autosomal Dominant Tubulointerstitial Kidney Disease - what you need to know

A practical approach to managing behaviours that present challenges in a dialysis setting

Ethics & law in kidney care: launching the new UKKA committee

Glomerular parietal epithelial cells: an exciting frontier in renal cell biology

16:15

CONFERENCE ENDS
